Address: Berlin, Germany

Education

Master of Science | Geodesy and Geoinformation Science October 2026 - Till Date
Technische Universität Berlin *Berlin, Germany*

Bachelor of Science | Surveying and Geoinformatics November 2024
University of Lagos *Akoka, Lagos*

Relevant Course work:

- Management & Economics: Management for Engineers, Entrepreneurship & Corporate Governance, Engineering Economics, Engineering Contracts, Professional Practices & Ethics, Survey Laws & Regulations, Project Management
- Quantitative & Empirical Methods: Advanced Engineering Statistics, Adjustment Computation I & II, Ordinary Differential Equations, Calculus of Several Variables, Geospatial Data Analysis
- Programming & Technical Modules: Introduction to Engineering Computing, Computer Applications in Surveying, GIS Applications, Photogrammetry & Remote Sensing, Spatial Data Visualization

Professional Experience

Junior Mobile Engineer January 2026 – Till Date
Rise vest Technologies Limited *Yaba, Lagos*

- Debugged and resolved production issues, improving app reliability and performance.
- Collaborated with cross-functional teams to deliver seamless user experiences.

Project Manager August 2025 – April 2026
Corazon Creatives Limited *Ikoyi, Lagos*

- Supervise multi-site interior projects including kitchen, wardrobe, and renovation installations, managing schedules, resource allocation, and client communications.
- Coordinate technical teams and vendors to ensure quality and timely delivery within budget.

Mobile Developer Intern January 2025 – Till Date
Rise Academy *Lagos, Nigeria*

- Participated in a 12-month full-stack mobile development training using React Native and TypeScript, focusing on scalable project management and collaborative product design.
- Collaborated on cross-functional teams to develop user-centric mobile solutions integrating data analytics and design principles.

Creative Director February 2021 – Till Date
WE MOVE - A video creation social media page *Lagos, Nigeria*

- Spearheaded marketing and engagement strategies, growing the platform's reach to 2900+ followers and collaborating with various brands. Developed skills in data-driven decision-making and analytics, translating market trends into actionable insights.

Students' Industrial Work Experience Scheme January 2023 – July 2023
Laralek Ultimate Limited *Ikeja, Lagos*

- Conducted site layout and Geospatial data acquisition for a hospital project using GIS and survey technologies.
- Applied statistical and quantitative techniques to ensure precision and optimize resource usage.

Undergraduate Intern November 2019 – January 2020
McADOG and Associates *Yaba, Lagos*

- Designed house layouts using AutoCAD, building foundational CAD skills which are essential in geospatial data visualisation.

Field Intern January 2020 – February 2020
LATRASAK Nigeria Limited *Ikoyi, Lagos*

- Assisted in drainage system layouts for high-rise construction, applying surveying techniques in real-world site management.

Volunteer and Community Involvement

Volunteer December 2020 – Till Date
Hope for Vulnerable People Family Foundation *Lagos, Nigeria*

- Participated in various Community Outreaches.
- Documenting activities of the outreach including pictures and videos

Volunteer May 2021 – Till Date
AIESEC in Lagos *Lagos, Nigeria*

- Team Member, Outgoing Global Volunteer in the first year where I pitched the oGV product to potential clients.
- Team Leader, Friends of AIESEC in Lagos
- Team Member, Membership Experience of AIESEC in Lagos where I facilitated the Members' experience in the Local Committee by hosting meetings, games night, fun activities and posting birthday messages.

Volunteer January 2021 – Till Date
REFORMERS *Lagos, Nigeria*

- Participated in a sanitary cleanup activity in Iwaya, Lagos

Leadership

Corp Camp Director July 2025 – August 2025
National Youth Service Corps *Lagos, Nigeria*

- Acted as a liaison between camp officials and over 2500 corps members in the Lagos orientation camp for batch B stream 1.

Projects

Sense 8 for smart Cities(Final Year Project) | *University of Lagos* August 2024

- Developed an Android app to support navigation for blind and visually impaired users, featuring object detection and spatial orientation capabilities. Integrated voice-command and image-labeling functions for accessibility, demonstrating a commitment to inclusive geospatial technologies.
  Tools/methods: Android Studio, Kotlin (See project output here)

Applied Data Science Capstone | *Machine Learning for SpaceX* July 2023

- Built a predictive model to assess the Falcon 9 first stage landing success, using data visualization and machine learning.
  Tools/methods: Python, SQL, Folium, Plotly Dash (See project output here)

Business Intelligence Solution — Adventure Works Cycles | *Maven Analytics* March 2022 – April 2022

- Created a comprehensive business intelligence solution using Power BI to derive actionable insights from raw data.
  Tools/methods: Power BI, Microsoft Excel (See some project outputs here)

Skills

Geospatial & Data Analysis: GIS, Remote Sensing, Surveying Techniques, Data Collection and Integration
Programming & Software: Python, SQL, Power BI, Excel, Kotlin, Java, React Native, AutoCAD, ArcGIS, ArcGIS Pro, ENVI, Global Mapper, Surfer
Interpersonal: Team Collaboration, Public speaking, Adaptability under pressure

Certificates and Achievements

National Youth Service Corps | *Corp Camp Director* (See Certificate here) 2025
Coursera | *IBM Data Science Professional Certificate* (See certificate here) 2023
AIESEC | *Talent Management Team Member of the Year* (See Certificate here) 2023
Topgrade Secondary School | *Head boy* (See Certificate here) 2017

Languages

English: Native speaker
German: Intermediate

Hobbies

Chess
Basketball, Football, Volleyball
